ANNUAL REPORT
OF THE
SECRETARY OF INTERNAL AFFAIRS.

PART IV.

Railroad, Canal, Navigation, Telegraph and Telephone Companies,
FOR THE YEAR ENDING JUNE 30, 1890.

COMMUNICATION.

DEPARTMENT OF INTERNAL AFFAIRS
HARRISBURG, *January 15, 1891.*

To His Excellency JAMES A. BEAVER,
Governor of the Commonwealth of Pennsylvania :

SIR: In compliance with the requirements of the constitution, and the acts of the general assembly approved, respectively, April 9, 1870, May 15, 1874, June 4, 1883, and May 13, 1889, I have the honor to present to you herewith, for transmission to the general assembly, a report of this department, Part IV, Railroad, Canal, Navigation, Telegraph, and Telephone Companies, for the year ending June 30, 1890.

I am, very respectfully,

Your obedient servant,

THOMAS J. STEWART,
Secretary of Internal Affairs.

REPORT.

STEAM RAILWAYS.

During the last two years the department has coöperated with the Interstate Commerce Commission of the United States, and the railway commissions of the several states, in an effort to establish a uniform blank for the use of companies in making reports to the Interstate Commerce Commission and to the railway commissions of the several states. The objects to be obtained by the adoption of such a blank are two-fold; first, to secure throughout the country a uniform class of information concerning steam railways that will be reliable as statistics; and, second, that a uniform report, so far as practicable, adopted by the Interstate Commerce Commission and the authorities in the several states, would facilitate and greatly simplify the work, and add to the convenience of the railway corporations and subject them to less expense in complying with the law which authorizes and requires reports to be made.

Two national annual conventions have been held with this object in view, in the apartments of the Interstate Commerce Commission at Washington, D. C. A committee, consisting of representatives of the Interstate Commerce Commission and of the railway commissions of the several states, together with the representatives of the Railway Accountants' Association, was appointed and gave this subject careful consideration. Their report was subsequently made to the national convention, and after considering it and amending it in many particulars it was adopted, and in most of the states where railway commissions exist, or where a department of state is given supervision over the affairs of railways, the blank is now in use. Some diversity of opinion existed as to the limits of the fiscal year to be covered by the reports. In view of the fact that the national government had adopted the 30th of June as the close of the fiscal year, it was thought advisable to adopt the same date.

A resolution was passed by the convention requesting the legislatures of the different states then in session to so modify their laws that the railway fiscal year might conform to the date adopted by the convention. This department, therefore, at once prepared a bill and had it introduced in the legislature during the session of 1889. It was passed and received the approval of the Governor on the 13th day of May, 1889. This act is merely amendatory of the act of April 9, 1870, and

embraces all the other subjects referred to in that act in addition to effecting the change in the fiscal year. It is inserted here for the information of all concerned.

AN ACT

To amend an act approved April 9, 1870, requiring railroad, canal, navigation and telegraph companies to make uniform reports to the Auditor General, providing for a change in the time of making such reports, and also requiring reports to be made by the telephone companies.

SECTION 1. *Be it enacted, &c.,* That the Secretary of Internal Affairs be and he is hereby directed to make out and cause to be printed a blank form for the annual reports of the several railroad, canal, navigation, telegraph and telephone corporations of this state, referred to in the second section of this act, and the said Secretary of Internal Affairs shall forward by mail or otherwise, on or before the 1st day of May in each year, to each of the said corporations, copies of the said form; and when the same shall have been returned to the said Secretary of Internal Affairs, properly filled out and executed as required by the second section of this act, he shall cause the same to be filed in his office and published in book form, and cause copies of the said report to be transmitted to the Governor and the members of the legislature on or before the fifteenth day of January in each year as required by law.

SECTION 2. That it is hereby made the duty of each railroad, canal, navigation, telegraph and telephone company, whose works or lines are in whole or in part within the limits of the state, to make out and return to the Secretary of Internal Affairs a complete annual report according to the form to be prescribed by the said Secretary of Internal Affairs, which, among other things, shall embrace in detail the operations and affairs of said corporations during the fiscal year, together with such other information as the secretary shall direct. Said report shall be attested by the oath or affirmation of at least two of the following named officers of the company: president, general manager, superintendent, sequestrator, secretary, treasurer and auditor. That said report shall cover the transactions of each of said corporations for the fiscal year ending on the thirtieth day of June each year, and shall be filed in the office of Secretary of Internal Affairs not later than the thirty-first day of August in each year.

SECTION 3. That every such railroad, canal, navigation, telegraph and telephone company which shall refuse or neglect to make such report as herein provided, and at the time specified in the second section of this act, shall be liable to a penalty of five thousand dollars to the use of the commonwealth, for every such refusal or neglect, to be sued for and recovered as debts of like amount are or may be by law recoverable.

APPROVED—May 13, 1889.

When the bill referred to became a law a copy of it was sent to each of the corporations required to make report, together with the following circular:

To the President or Treasurer of the Company:

DEAR SIR: Your attention is called to an act of assembly approved May 13, 1889, which establishes a new date when railroad, canal, telegraph and telephone companies shall make reports to the Secretary of Internal Affairs. According to the requirements of this act all the companies referred to are directed to make their annual reports to this department not later than the 31st day of August in each year, instead of the 31st day of January, as heretofore. The reports must cover the transactions of the respective companies for the fiscal year ending June 30th. Your next report will, therefore, contain the operations of your company for the period from July 1, 1889, to June 30, 1890, and must be filed in this department on or before the 31st day of August, 1890. Blank forms for making the report will be furnished you at the proper time. It is respectfully suggested that hereafter the books of your

company be so kept as to conform to the requirements of the law as to time of fiscal year and character of report to be made, as this action would greatly facilitate the preparation of the reports.

A copy of the act referred to is transmitted herewith.

Very truly yours,

THOS. J. STEWART,
Secretary of Internal Affairs.

Most of the companies in Pennsylvania had been reporting on the 30th of September, or the 31st of December, according to the close of their fiscal year, and it was therefore necessary to prepare blanks on which they could make returns of their operations from the date of the close of the last report to June 30, 1889. Blanks were prepared and forwarded to them July 1, 1889, together with the following letter of instructions:

To the President or Treasurer, Company:

DEAR SIR: On the first day of June, there was transmitted to you a copy of the recent act of the general assembly changing the time at which railroad, canal, telegraph and telephone companies are required to make reports to this department, and you were notified that your next annual report should cover the time between the 30th of June, 1889, and the 1st of July, 1890. It will be observed that the fraction of the year between the time of closing your last report and the first of July, 1889, will not be covered by any report made to this department; and, while it is the desire of the department to inconvenience you as little as possible in arranging the reports so as to conform to the act referred to, yet it is necessary that at least a portion of the information usually called for in the annual reports be given for the period named, and blanks have therefore been prepared in which interrogatories are made, directed mainly to the revenues of the company, and such investments or dispositions thereof as were made during said period. These blanks are sent you in duplicate, one to be retained by you, the other to be forwarded to this department when properly executed.

Have the kindness to give this your prompt attention, so that the reports may be filed in this department not later than the first day of September.

As stated in a previous circular letter, the blanks which will hereafter be furnished to steam railway companies for annual reports, will conform as nearly as possible to the blanks furnished by the Interstate Commerce Commission.

Very truly yours,

THOS. J. STEWART,
Secretary of Internal Affairs.

Pursuant to these instructions the reports were made and filed in this department; but they only contain general information regarding financial changes, receipts and expenditures, cash balances and important changes in management or operation. Detailed statements as to the characteristics of roads, improvements, etc., for the period named, were not required of the companies.

Accompanying the new blanks sent out under the act of 1889, was the following letter of instructions under date of May 1, 1890:

To the President or Treasurer of Company.

DEAR SIR: In transmitting the blank forms for the reports of railroad, canal, telegraph and telephone companies, for the year ending June 30, 1890, the secretary

takes occasion to tender his thanks to those officers of companies who have heretofore made full and satisfactory reports to this department within the time fixed by law.

To those who have embarrassed the operations of the department by delaying the transmission of their reports beyond the time so fixed, he is obliged to say that unreasonable delay is incompatible with the proper dispatch of the public business, and cannot henceforth be permitted.

By a recent amendment to the law, these reports are now required to be filed in this department on or before August 31st, under a penalty of five thousand dollars for neglect or refusal, and compliance with this requirement must be exacted from all.

As the law prescribes that these reports must be made in detail, your attention is directed to the necessity of filling up the blanks on the form sent herewith.

Very respectfully,

THOS. J. STEWART,

Secretary of Internal Affairs.

The promptness shown by most of the companies in making returns on the new forms, and under the new law, and the completeness and accuracy of the returns, are of themselves the highest commendation that can be paid these corporations, for they have, by their action, shown a willingness and desire to respect the mandates of the law and obey the constitution. Usually the companies whose operations are most extensive, and whose reports of necessity involve the employment of considerable clerical force and the expenditure of a large sum of money, are the most prompt and accurate in performing the duties imposed upon them. On the other hand it is a source of regret that many companies exhibited, through their agents, the most reckless disregard of the rules of the department and the laws of the state in making their reports. It will be observed that the act referred to specially mentions the *thirty-first day of August* as the limit within which returns must be made; but many reports were still outstanding at that time. Immediately after the expiration of the limit, letters were sent to the delinquent companies urging them to send reports at once, and attention was called to the penalty to which they were subject for non-compliance with the law. After two or three weeks of further delinquency another notice was sent demanding the reports. Numerous telegrams, personal requests, and threats of certifying their delinquency to the Attorney General, finally secured us the reports of nearly all the companies, so far as the department knows, now in operation, or being operated. The imposition of the penalty of \$5,000.00 provided for by the act of 1870, and its supplement of 1889, is not a pleasant duty, but it seems to be necessary, and it is really the only effectual way to reach some of the delinquent corporations, especially those that seem to conduct their operations independently of law, constitution or state supervision. For many weeks the work of compilation has been delayed by the tardiness of these corporations, and the department finds it difficult to prepare and publish the annual report and place it in the hands of the Governor and the legislature by the 15th of January, as required by the act of 1889. The department must, therefore, in the future, with a due regard

for the duties imposed upon it by law, insist upon the reports being more promptly filed, and that in their preparation they shall conform closely to the instructions issued by the department.

The last annual report contained returns from 261 steam railway companies. The number is now increased to 283. The reports of these companies show an increase of \$23,920,902.05 in the amount of "capital stock paid in," the amount now being \$799,987,217.65. The funded and unfunded debt is still accruing and will undoubtedly in a year or two reach \$1,000,000,000.00, the amount at present being \$984,123,679.30, or an increase of \$18,400,380.92. The entire cost of roads and equipments is shown to be \$1,311,245,952.80, or about \$327,000,000.00 more than the present reported indebtedness of these corporations. This indebtedness is probably of a permanent character and it will no doubt remain for generations.

A comparison with some of the figures contained in the annual report of 1880 may be of interest. At that time the total amount paid in of capital stock was \$541,309,699.59, showing that there has been an increase of upwards of \$250,000,000. Ten years ago the funded and unfunded debt was reported at \$589,374,029.87, showing an increase since that time of about \$395,000,000. In 1880 the entire cost of roads and equipments was reported at \$575,609,569, showing that the indebtedness of the roads at that time exceeded the cost by about \$14,000,000. The financial condition of the companies seems to have become better during this decade, as the cost of roads and equipments, as now reported, exceeds the indebtedness by about \$327,000,000. The increase during the year, of miles of road operated by companies required by law to report to this department is 1,761.36, or a grand total of mileage of 18,810.32. It is impossible to determine just how many miles of these roads are within the limits of Pennsylvania, as the reports in many instances contain no definite information on this point, giving the total mileage only. The companies that do make a specific report show 11,775.46 miles in the state. There appear to have been added to the mileage in the way of new roads, 314.72 miles.

Steel rails are fast taking the place of iron. During the past year over 6,500 miles of track were laid with steel rails.

The magnitude of the railway system of Pennsylvania can be realized, to some extent at least, when it is known that by the corporations operating lines in whole or in part within this state there is an army of 176,945 persons employed. During the year the returns show that there has been an increase in the number of employés of 15,000. To this great body of officers and employés the compensation paid during the year was \$98,880,222.35. The total earnings of these corporations for the year was \$270,442,882.80, the total expenses \$235,560,086.19. Of this amount about forty per cent. was paid to the employés, and the balance devoted to the ordinary expenses, interest account, dividends, etc. To

pay the interest on the indebtedness of the steam railways reporting to this department, if computed at the legal rate of six per cent.—which is about the average rate paid—would require \$60,000,000 a year. It will be understood that the railways of Pennsylvania, those wholly within the state, do not bear all this burden, but only their proportion of it. The comparison of figures is made on the roads wholly or in part within the state, and which by law are compelled to report to this department. There are cases in which large corporations, having but few miles of track within the commonwealth, report fully to the department, giving entire length of road, total indebtedness, etc.

During the session of 1889 the legislature passed the following act relative to the merger or consolidation of railway corporations.

AN ACT.

Prescribing the amount of stock and bonds which may be issued by railroad companies heretofore or hereafter consolidated and merged.

SECTION 1. *Be it enacted, &c.,* That whenever any merger and consolidation of the corporate rights and franchises between two or more railroad companies shall hereafter be made under the laws of this commonwealth, such railroads being neither parallel or competing lines, it shall and may be lawful for the said companies to specify, in the joint agreement for such consolidation and merger, what amount of capital stock and bonds of the consolidated company shall be issued to the stock and bond holders, or either, of any one or more of said several railroad corporations, parties to said joint agreement, in lieu and exchange for the stock and bonds held by them in said last named corporations respectively. The amount of stock and bonds, or either of them, so issued or to be issued by the consolidated company to the stock and bond holders, or either, of any one or more of said constituent companies may, when necessary to equalize the interests of the parties to the said joint agreement, or otherwise, be in excess of the amount of the authorized and outstanding issues of such company or companies, but shall not be in excess of the actual value of the corporate property and franchises of such constituent company or companies, vested in the consolidated corporation pursuant to such merger and consolidation; nor shall the aggregate amount issued by said consolidated company exceed the sum of one hundred and fifty thousand dollars of stock, and one hundred and fifty thousand dollars of bonds, per mile of the railroad, so that the sum total of stock and bonds of such company shall never exceed three hundred thousand dollars per mile: *Provided,* That where the amount of stock and bonds, or either, to be issued by the consolidated company to the stock and bond holders, or either, of any one or more of such constituent companies, shall be in excess of the aggregate amount of authorized and outstanding stock and bonds or either, of such company or companies, the said agreement shall be accompanied by the affidavit of the president and principal engineer of such constituent company or companies, that the actual cash value of the property of such constituent company or companies is equal to the amount of stock and bonds, or either, to be issued to its or their stock and bond holders, or either.

SECTION 2. That whenever any merger or consolidation of two or more railroad companies shall have heretofore been made, the consolidated company so formed shall have the same power to increase from time to time its capital stock and indebtedness, but not exceeding the amounts specified in the first section of this act, nor the actual value of its property and franchises, upon filing with the returns of the increase of said capital stock or indebtedness the affidavits prescribed in the first section of this act: *Provided,* That no company or companies shall have the benefits

conferred by the provisions of this act unless they accept in writing. filed in the office of the Secretary of the Commonwealth, the provisions of the constitution of one thousand eight hundred and seventy-four.

APPROVED—The 13th day of May, A. D. 1889.

JAMES A. BEAVER.

STREET RAILWAYS.

The returns for 1888, the last published report, show 76 street railways to have been in existence at that time. Under the act of 1889, providing for the incorporation and government of street railway companies, the number has largely increased. The returns for the year ending June 30, 1890, show 140 companies to be in existence.

The act is given below for general information :

AN ACT

To provide for the incorporation and government of street railway companies in this commonwealth.

SECTION 1. *Be it enacted, &c,* That any number of persons, not less than five, may form a company for the purpose of constructing, maintaining and operating a street railway on any street or highway upon which no track is laid, or authorized to be laid or to be extended under any existing charter, with the privilege of occupying so much of any street, used or authorized to be used, under any existing charter, as is hereinafter provided, for public use in the conveyance of passengers, by any power other than by locomotive; and for that purpose may make and sign articles of association, in which shall be stated the name of the company, the number of years the same is to continue, the length of such road, as near as may be, the streets and highways upon which the said railway is to be laid and constructed, showing also the circuit of the route, the amount of the capital stock of the company, which shall not be less than six thousand dollars to every mile of road proposed to be constructed, and the number of shares of which said capital stock is to consist, and the names and places of residence of a president and not less than four nor more than twelve directors of the company, who shall manage its affairs until the first annual meeting thereafter and until others are chosen in their places; each subscriber to such articles of association shall subscribe thereto his name, place of residence and the number of shares of stock he agrees to take in said company. On compliance with the provisions of the second section of this act, such articles of association shall be acknowledged by at least three of the directors, before some officer competent to take acknowledgments of deeds, and may be filed in the office of the Secretary of the Commonwealth, who shall endorse thereon the day on which they were filed and record the same in a book to be provided by him for that purpose, whereupon the Governor shall issue his letters patent, creating the persons who have so subscribed such articles of association and all persons who shall become stockholders in such company, a corporation by the name specified therein, and shall possess the power and privileges following, namely:

First. To have succession by its corporate name for the period limited in its articles of association

Second. To sue and be sued, complain and defend in any court of law or equity.

Third. To make and use a common seal and alter the same at pleasure.

Fourth. To hold, purchase and convey, subject to existing laws, such real and personal estate as the purposes of the corporation shall require, not exceeding the amount limited in the articles of association

Fifth. To appoint such officers and agents as the business of the corporation shall require and to allow them a suitable compensation.

Sixth. To make by-laws, not inconsistent with the constitution or any existing laws, for the management of its property and regulation of its affairs and for the transfer of its stock.

SECTION 2. Such articles of association shall not be filed and recorded in the office of the Secretary of the Commonwealth until at least two thousand dollars of stock, for every mile of railroad proposed to be made, shall have been subscribed thereto and ten per centum paid thereon, in good faith and in cash, to the directors named in said articles of association, nor until there is endorsed thereon or annexed thereto, an affidavit made by at least three of the directors named in said articles, that the amount of stock required by this section has been in good faith subscribed, and ten per centum paid in cash thereon as aforesaid, and that it is intended in good faith to construct and to maintain and operate the road mentioned in such articles of association, which affidavit shall be recorded with the articles of association as aforesaid.

SECTION 3. When such articles of association are filed and recorded in the office of the Secretary of the Commonwealth, the directors named therein shall, in case the whole of the capital stock is not before subscribed, keep an open book for subscription at their office, giving such notice as they may deem expedient, and shall continue to receive subscriptions until the amount of capital stock required shall be subscribed: *Provided*, That no subscription shall be valid unless, at the time of subscribing, such subscriber shall pay the directors ten per centum of the amount of such subscription in cash.

SECTION 4. Any company incorporated under this act, shall have authority to construct such extensions or branches as it may deem necessary to increase its business and accommodate the travel of the public: *Provided*, That the act of the company authorizing any extension or branch, shall distinctly name the streets and highways on which said extension or branch is to be laid and constructed, and a copy of the minutes of said company containing said authority shall be recorded in the office of the recorder of deeds for the proper county, and an exemplification of the said record shall be filed in the office of the Secretary of the Commonwealth, and no right to actually construct the same shall vest until after thirty days from the filing of said exemplification: *And provided*, That no extension or branch shall be constructed on any street or highway upon which a track is laid or authorized under any existing charter, except as hereinafter provided.

SECTION 5. Whenever any company incorporated under this act shall, in the opinion of the directors thereof, require an increased amount of capital stock in order to complete and equip their road and carry out the full intent and meaning of their articles of association, they shall, if authorized by a majority of the stockholders owning at least a majority of the stock, at a meeting called for that purpose, file with the Secretary of the Commonwealth a certificate, setting forth the amount of such desired increase; and thereafter such company shall be entitled to have such increased capital as is fixed by said certificate: *Provided*, That the original amount of stock and increased capital shall in no case exceed thirty thousand dollars per mile of track, except in case of a passenger railway operated by other than animal power, in which case the said capital may be not more than one hundred thousand dollars.

SECTION 6. The president and directors of any railroad company created under this act shall have power to borrow money, not exceeding the amount of capital stock subscribed, and issue the bonds of the company therefor in such amounts as shall not exceed double the amount actually paid up, of the capital stock subscribed; the proceeds whereof shall be actually expended in the construction and equipment of their roads; these bonds to be payable at such times, not exceeding thirty years after the date thereof, and at such place and at such rate of interest, not exceeding seven per centum per annum, as said directors may deem best, and may secure the payment of said bonds and interest by a mortgage on said road and franchises.

SECTION 7. The capital stock of such company shall be divided into shares of fifty dollars each, and shall be called in and paid at such times and places and in such proportions and instalments, not however exceeding five dollars per share in any period of thirty days, as the directors shall require; of which public notice shall be

given for at least two weeks preceding the times appointed for that purpose, in one or more newspapers published in the county where said railroad shall be located; and if any subscriber shall neglect to pay such instalment so called for at the time and place appointed, he, she or they shall be liable to pay, in addition to said instalment, at the rate of one per centum per month for the delay of such payment, and if the same and the additional penalty or any part thereof shall remain unpaid for the period of six months, he, she or they shall, at the discretion of the directors, forfeit for the use of the company all right, title and interest in and to every and all share or shares on account of which such default in payment may be made as aforesaid, or the directors may, at their option, cause suit to be brought before any competent tribunal for the recovery of the amount due on such shares, together with the penalty of one per centum per month as aforesaid, and in the event of a forfeiture, the share or shares so forfeited may be disposed of at the discretion of the president and directors under such rules and regulations as may be prescribed by the by-laws; no subscriber shall be entitled to vote at any election, nor at any general or special meeting of the company, on whose share or shares any arrearages may be due more than thirty days next preceding said election or meeting: *Provided*, That no forfeiture of stock shall release or discharge the owner thereof from any liabilities or penalties incurred prior to the time of such forfeiture. When such stock shall have been paid in full the board of directors shall cause certificates for the same to be issued to the parties entitled thereto, signed by the president and countersigned by the treasurer and sealed with the corporate seal of the company, which certificate shall be transferable at the pleasure of the holder, on the book of the company, in person or by attorney duly authorized, in presence of the president or treasurer, and the assignee aforesaid shall thereupon be a member of said corporation.

SECTION 8. The stockholders of such company shall meet on the second Monday in January in every year at their office, of which public notice shall be given at least two weeks previously by the secretary, in the manner prescribed in section seven, and choose, by a majority of the votes present, a president and the number of directors prescribed by the by-laws, not less than four nor more than twelve, for the ensuing year, who shall continue in office until the next annual meeting and until others are chosen, at which annual meeting the said stockholders shall have full power and authority to make, alter and repeal, by a majority of votes given, any or all such by-laws, rules, orders and regulations, and do and perform such other corporate acts as may be deemed advisable. The stockholders may meet at such other times as they may be summoned by the president and directors, in such manner and form and upon such notice as may be prescribed by the by-laws. And the president, on the request in writing of any number of stockholders representing not less than one-tenth in interest, shall call a special meeting, giving the like notice and stating specifically the objects of the meeting, and such objects and no other shall be acted on at such meetings.

SECTION 9. The election for directors provided for in this act shall be conducted as follows: The directors, at their regular meeting next preceding the times of the annual election, shall appoint three stockholders to be judges of the said election and to hold the same, and the persons so appointed shall not be eligible to an election as director at said election and shall respectively take and subscribe an oath or affirmation before an alderman, justice of the peace or notary public, well and truly, and according to law, to conduct such election to the best of their knowledge and ability, and the said judges shall decide upon the qualifications of voters, and when the election is closed shall count the votes and declare who has been elected. Whenever any judge or judges, appointed as above, shall fail to attend the meeting of stockholders, and whenever any board of directors shall neglect or refuse to appoint such judges, then and in such case it shall be competent for the stockholders of such company, at their annual meeting, to supply the vacancy or select proper persons to conduct the election aforesaid. And if, at any time, it shall happen that an election of directors shall not be made at the time specified, the corporation shall not for that reason be dissolved, but it shall be lawful to hold and make such election of directors

on any day within three months thereafter, by giving at least ten days' previous notice of the same, in manner aforesaid. In case of the death or resignation of a director, or failure to elect in case of a tie vote, the vacancy may be filled by the board of directors. At all elections by the stockholders, each share of stock shall entitle the holder thereof to one vote, and such ballot shall have endorsed thereon the number of shares thereby represented, but no share or shares transferred within sixty days next preceding any election, shall entitle the holder or holders thereof to vote at any such election, nor shall any proxy be received or entitle the holder to vote, unless the same shall bear date and have been duly executed within three months next preceding such election.

SECTION 10. At each annual meeting of the stockholders of such company, the president and directors of the preceding year shall exhibit to them, a full and complete statement of the affairs and proceedings of the company for such year, with all such matters as shall be necessary to convey to the stockholders a full knowledge of the condition and affairs of said company, and the said president and directors of every such company shall, whenever required, furnish to the legislature or either branch thereof a full and authentic report of their affairs and transactions, or such information relating thereto as may be demanded of them.

SECTION 11. The dividends of so much of the profits of such company as shall appear advisable to the directors, shall be declared in the months of July and January in each and every year, and be paid to the stockholders or their legal representatives, on application at the office of such company, and at any time after the expiration of ten days from the time of declaring the same; but the said dividends shall in no case exceed the amount of the net profits actually acquired by the company, so that the capital stock shall never be impaired thereby, and if the said directors shall make any dividend which shall impair the capital stock of the company, the directors consenting thereto, shall be liable in their individual capacities to such company for the amount of capital stock so divided, recoverable by action of debt as in other cases, and each director present when such dividend shall be declared, shall be considered as consenting thereto, unless he forthwith enter his protest on the minutes of the board and give public notice to the stockholders of the same.

SECTION 12. Every company organized under this act shall maintain an office, where said railroad is located for the transaction of its business, where transfers of its stock shall be made and books kept for inspection by its stock or bondholders.

SECTION 13. It is hereby made the duty of each railroad corporation incorporated under this act, to make out and return to the Auditor General an annual report, according to a form to be prescribed by the said Auditor General, embracing in detail the operations and affairs of the said corporation during the preceding year, up to and including the thirty-first day of October, and such other information as the said Auditor General shall direct; blank forms of the same to be forwarded by the said Auditor General to such railroad corporations, on or before the first day of October in each year. The said report to be attested by the oath or affirmation of the president or acting superintendent and the treasurer of the company, and to be forwarded to the Auditor General on or before the first day of December of each year; every such corporation which shall refuse or neglect to make such report, shall be liable to a penalty of five hundred dollars to the use of the commonwealth for every such refusal or neglect, to be sued for and recovered as debts of like amounts are or may be by law recovered.

SECTION 14. Any passenger railway company incorporated under this act shall have the right to use such portion of the track of any other company, already laid down, as may be necessary to construct a circuit upon its own road at the end thereof. The length of track to be used, which shall be used only with the consent of the local authorities of the city, borough or township, in no event shall exceed five hundred feet in length of single track. Before any such use occurs compensation shall be paid to the corporation owning the track laid. In case of disagreement, the court of common pleas of the proper county, upon the petition of the corporation seeking the privilege, shall appoint five persons to view and assess the dam-

ages, and report thereof make to the court, with the right to appeal now secured under section eight of article sixteen of the constitution, and of an act for the further regulation of appeals from assessment of damages to owners of property taken for public use, passed June thirteenth, one thousand eight hundred and seventy-four. If an appeal shall be taken, it shall be competent to pay into court the amount of said award, upon which payment the right to use said track shall vest and said sum shall await the final judgment on said appeal.

SECTION 15. No street passenger railway shall be constructed by any company incorporated under this act within the limits of any city, borough or township, without the consent of the local authorities thereof, nor shall any street passenger railway be incorporated hereunder, which shall not have a continuous route from the beginning to the end, forming a complete circuit with its own track, excepting the five hundred feet to be used under section fourteen hereof.

SECTION 16. Any company proposing to construct a street railway, or any branch or extension thereof, under the provisions of this act, shall in good faith commence the construction thereof within one year after the consent of the proper local authorities of the city, borough or township within which the same is located shall have been obtained, and shall be completed within two years thereafter, unless the time shall be extended by the authority aforesaid.

SECTION 17. Any passenger railway company incorporated under this act shall have, and is hereby granted, power by its officers and servants to ascertain and define such route as they may deem expedient, over, upon and along any turnpike or turnpikes, not however exceeding sufficient width for two tracks to be laid down on, over and along such turnpike or turnpikes, and thereupon, on, over and along such turnpike or turnpikes, to lay down, construct and establish a track or tracks for its use in the transaction of its business, and thereupon to use the same in its general business: *Provided*, That before such passenger railway company shall enter upon and use any such turnpike or turnpikes in the laying of tracks and use of the same, it shall make compensation to the owner or owners thereof for such occupation and use of said turnpike or turnpikes, in the mode provided in section fourteen hereof.

SECTION 18. Any company incorporated under the provisions of this act shall have the right, in its construction, to cross at grade, diagonally or transversely, any railroad operated by steam or otherwise now or hereafter built.

SECTION 19. Street passenger railway companies in operating their roads, shall have the right to the street, and any wilful obstruction to the passage of their cars on their way between the stations, shall be punishable, on conviction before any magistrate, by a fine of not more than ten dollars for each offense, to be recovered as fines of like amount are now by law recoverable.

SECTION 20. Any company heretofore incorporated under the provisions of an act relating to government of street railway companies in cities of the third, fourth and fifth classes, and in the boroughs and townships in the commonwealth, approved twenty-third day of May, Anno Domini one thousand eight hundred and seventy-eight, and under the provisions of an act relating to the government and regulation of street railway companies in cities of the second and third class in this commonwealth, approved the nineteenth day of March, Anno Domini one thousand eight hundred and seventy-nine, or any street passenger railway company heretofore existing under color of any charter or letters patent of the commonwealth, upon accepting the provisions of this act, in writing, under the seal of the corporation, filed in the office of the Secretary of the Commonwealth, shall thereupon become and be a body corporate hereunder, and shall be entitled to, and have possession of, all the privileges, franchises and powers conferred by this act upon corporations to be created under this act and all the properties, rights and privileges belonging to such corporation theretofore acquired by gift, grant, conveyance, municipal ordinance, assignment or otherwise, shall be and are hereby ratified, approved, confirmed and assured to such corporation, with like effect and to all intents and purposes as if the

same had been originally acquired by and under authority of this act, and such corporation shall thereafter be governed solely by the provisions of this act, and the Governor shall forthwith cause new letters patent under this act to issue to such corporation under the same name as the company had in the charter under which it was originally incorporated: *Provided*, That such company shall be subject to all the contracts, duties and obligations, theretofore resting upon it or to which said company shall then be in any ways liable.

APPROVED—The 14th day of May, A. D. 1889.

JAMES A. BEAVER.

Comparing the consolidated tables compiled from the returns of these companies for the year ending June 30, 1890, with those in the last published report, it will be seen that there has been an increase in eighteen months in the capital stock "paid in" of \$8,138,011.34, there being now a reported "paid in" capital of \$26,665,578.59. The total funded and unfunded debt is now reported at \$12,870,982.70, an increase of \$2,744,443.52. The entire cost of the roads, together with equipments, is stated at \$17,804,135.61, with a trackage of 586.61 miles. There are 10,712 horses now in use, an increase of but three during the year, notwithstanding the great expansion of street railway interests. This fact is significant as indicating that horses as a motive power are rapidly being superseded by the electric and cable systems. There has been an increase in the number of passengers carried during the year of 28,999,599, the total number being 219,505,616. The total receipts are given at \$11,457,215.50, an increase of \$1,392,832.89. The casualties were 20 persons killed and 118 injured.

CANALS.

There still remain nine canal companies in Pennsylvania which make annual reports to this department. Their returns for the year show a paid in capital of fifty-two and one-half millions of dollars, and a floating and bonded indebtedness of forty-seven and a half millions. The gross shipment of freight was 6,502,103 tons, a decrease of 1,072,523 tons during the year: and the total receipts were \$2,749,533.33, which is \$485,933.26 less than the previous year. The total expenses of operation were \$800,853.03, a decrease of \$172,881.51. In 1880 the canal corporations of the state reported receipts of \$3,030,803.22 and expenses of operation of \$893,210.18.

The more rapid means of transportation afforded by steam railways long ago checked the extension of canal navigation, and, while at one time the canals were the great channels through which the commerce of the state was carried, it has been obvious for some time that the necessities of our commercial interests would at no distant day render them of less importance in the transportation problem.

TELEGRAPHS AND TELEPHONES.

The capital stock of these companies represented in their returns as being paid in is \$94,588,822.06, an increase during the year of \$2,017,170.

The total indebtedness, floating and funded, is \$15,902,424.49, an increase of \$3,205,946.36. It is a somewhat remarkable showing that while there is a capitalization paid in of ninety-four and a half millions, the entire cost of lines and equipments is only \$4,346,836.40. The total length of lines of the companies whose lines are in whole or in part in Pennsylvania, and whose reports have been filed in this department, is 186,000 miles. These companies report 11,277 miles of lines in this state. The expenses of operating and maintenance during the year were \$18,754,932.51, an increase of about three and one-half millions over the preceding year; and the increase in the receipts was \$2,055,130.16, the total receipts being \$23,443,811.39.

IMPORTANT CHANGES DURING THE YEAR.

Eleanora branch, 4.94 miles in Pennsylvania.

Perry railroad (New York) and Lincoln Park and Charlotte railroad (New York) were merged into the Buffalo, Rochester and Pittsburgh railroad, per certificate filed in office of state, Albany, New York, on December 5, 1889.

\$377,000.00 general mortgage bonds sold. \$170,000.00 first mortgage bonds Lincoln Park and Charlotte railroad.

Nothing specially important.

\$124,000.00 car trusts became due and were paid.

The Perry Railroad Company was carried on the books as an asset at \$5,000.00. The amount has been increased to actual cost, \$28,253.53.

All proprietary companies have been merged into the general balance sheet, by debiting under "assets" their cost, and crediting under "liabilities" their debts.

CONTRACTS, AGREEMENTS, ETC.

The American Express Company runs over all lines operated by us, paying one and one-half first-class rates, excepting agreed special rates, and guaranteeing a fixed minimum for the year.

Have no contracts for transportation of mails. The government pays a specified rate per mile per annum, based on the average weight of mails carried.

No sleeping, parlor or dining cars are run.

Allegheny Valley Railroad Company traffic contract for interchange of freight and passengers at Falls Creek, Pa.; Reynoldsville and Falls Creek railroad; Bell, Lewis and Yates Coal and Mining Company; Rochester and Pittsburgh Coal and Iron Company. Traffic contract for transportation of coal and coke.

With the Western Union Telegraph Company, we receive one-fourth of total cash receipts, less cable tolls and amounts paid connecting lines, of the offices maintained by the railroad company. The telegraph company furnishes all supplies, and the railroad company the necessary labor.

Operating agreement with the Pennsylvania Railroad Company, dated June 13, 1877.

The Pennsylvania Railroad Company to operate the Columbia and Port Deposit railroad upon the following conditions:

1. To keep full and accurate accounts of the receipts and expenditures included in such operation, and to furnish an account of the same at the end of each month to the Columbia and Port Deposit Railroad Company.
2. To deduct from the years receipts all proper operating expenses and customary charges for the use of the rolling stock used upon the same.
3. To pay over any moneys remaining, after the foregoing deductions, to the treasurer of the Columbia and Port Deposit Railroad Company.
4. The said arrangement, to be terminable at the option of either party upon thirty days' notice, given in writing to the other party of its desire to terminate the same.

IMPORTANT CHANGES DURING THE YEAR.

The Columbia and Port Deposit railroad was sold under foreclosure of mortgage, March 4, 1890, and reorganized by the formation of two companies, one, the Columbia and Port Deposit Railway Company, for that portion of the road within the State of Pennsylvania, the certificate of organization of which was filed with the Secretary of the Commonwealth of Pennsylvania, May 28, 1890, and the other of which, the Port Deposit Railroad Company, for the portion of the road within the State of Maryland, the certificate of organization of which was filed with the Secretary of State of the State of Maryland, on May 28, 1890. Upon May 29, 1890, the boards of directors of the said two companies, namely: the Columbia and Port Deposit Railway Company and the Port Deposit Railroad Company adopted an agreement of consolidation and merger, which was ratified and confirmed by the stockholders of both companies on

* Leased by the Columbia and Port Deposit Railroad Company from the Philadelphia, Wilmington and Baltimore Railroad Company.

the same date, and certified copies of the same were sent to the respective Secretaries of State of Pennsylvania and Maryland. A copy of said agreement was filed in the office of the Secretary of State of the State of Maryland on June 21, 1890, and a copy sent for file in the office of the Secretary of the Commonwealth of Pennsylvania on June 20, 1890, but up to June 30, no certificate has been received of its having been filed in said office.

The amounts of capital stock and bonds of the two reorganized companies jointly, both before and after consolidation and merger, remained the same as those of the Columbia and Port Deposit Railroad Company prior to foreclosure, and held by the same parties in interest, and the road has continued to be operated by the Pennsylvania Railroad Company upon the same terms and under the same conditions as theretofore.

It has, therefore, been deemed expedient to make the annual report for the Columbia and Port Deposit Railroad Company cover the entire fiscal year ending June 30, 1890, and commence with the new or consolidated corporation (the Columbia and Port Deposit Railway Company) on July 1, 1890.

CONTRACTS, AGREEMENTS, ETC.

Operating agreement with Pennsylvania Railroad Company.

IMPORTANT CHANGES DURING THE YEAR.

The extension referred to in last report, from Martinsburg, W. Va., to Winchester, Va., was completed and opened for business about the first of October last. That portion of the line within the State of Virginia was built under the corporate title of the Martinsburg and Potomac Railroad Company. By acts of the Legislatures of the States of Virginia and West Virginia, the Martinsburg and Potomac railroad was merged into the Cumberland Valley and Martinsburg railroad, a connecting line running from the Potomac river to the Virginia state line.

The bridge across the Potomac river, which was washed away on June 1, 1889, was replaced by a new iron structure.

CONTRACTS, AGREEMENTS, ETC.

Adams Express Company. Railroad company furnishes motive power and cars, for which the express company pays forty per cent. of its receipts.

United States Government, for the transportation of mail in cars owned by the railroad company, the compensation for the service being, from July 1, 1889, to July 1, 1893, as follows: Harrisburg to Martinsburg, \$139.37 per mile per annum; Martinsburg to Winchester, \$77.81 per mile per annum; Mechanicsburg to Dillsburg, \$47.88 per mile per annum; South Penn Junction to Richmond, \$74.39 per mile per annum; Mercersburg Junction to Mercersburg, \$76.10 per mile per annum.

Connecting railroads for the mutual interchange of traffic, settlements for which are made monthly, upon distance carried by each.

Western Union Telegraph Company. At several stations through which the telegraph line passes, and at which the telegraph company could not afford to maintain offices, the railroad company furnishes office facilities and receives one-half the telegraph receipts.

The railroad of the Southern Pennsylvania Railway and Mining Company, the Dillsburg and Mechanicsburg railroad and the Cumberland Valley and Martinsburg railroad are leased to and operated by the Cumberland Valley Railroad Company as part of its system, upon the terms that the receipts from operation shall first be applied to the cost of maintaining, keeping and perpetuating the properties and the equipment used thereon, and all expenses of operating the same, including insurance, taxes, etc. The net revenue, if any, to be paid over to the respective companies.

QUESTIONS FOR GENERAL INFORMATION.

What station-houses, stock-yards, or other terminal facilities, does this road use for which it pays a rental? None.
Name all the associations to which this road is a party, whose object is the regulation or control of passenger or freight traffic? None:
Name all the companies, commonly called fast freight lines, of which this road is a member, or which operate over the line of this road : None.
This road is practically no public road, a decree of the court having been rendered against it. We have, therefore, no earnings nor operating expenses to report, as the road, being used exclusively as a coal road, all expenses of operating and maintenance of way, are paid by the coal works, operating and using the road.

LAKE SHORE AND MICHIGAN SOUTHERN RAILWAY COMPANY.

By what authority incorporated ? The company is a consolidation of the following roads : The Buffalo and State Line railroad, extending from the city of Buffalo, in the State of New York, westward, to the state line of Pennsylvania, sixty-eight miles.
The Erie and North-East railroad, extending from the state line of Pennsylvania, to the city of Erie, in the State of Pennsylvania, twenty miles.

These two roads were consolidated, under the name of the Buffalo and Erie Railroad Company, in the year 1867, in pursuance of laws of the States of New York and Pennsylvania.

The Cleveland, Painesville and Ashtabula railroad, extending from the city of Erie, in the State of Pennsylvania, to the city of Cleveland, in the State of Ohio, ninety-five miles.

The Cleveland and Toledo railroad, extending from the city of Cleveland, in the State of Ohio, to the city of Toledo, in the State of Ohio, one hundred and thirteen miles.

With a branch (or Northern Division) extending from Elyria (twenty-six miles west of Cleveland), to the city of Sandusky, in the State of Ohio, thirty-five miles.

Also, extending from Oak Harbor (twenty-six miles west of Sandusky) to Millbury (near Toledo), fifteen miles.

These two roads last mentioned were consolidated, under the name of the Lake Shore Railway Company, in March, 1869, pursuant to the laws of the States of Ohio and Pennsylvania.

The Michigan Southern and Northern Indiana railroad, extending from the city of Toledo, in the State of Ohio, to the city of Chicago, in the State of Illinois, two hundred and forty-four miles.

This road was consolidated with the Lake Shore Railway Company, under the name of the Lake Shore and Michigan Southern Railway Company, in May, 1869, pursuant to the laws of Pennsylvania, Ohio, Michigan, Indiana and Illinois.

In August, 1869, the Buffalo and Erie Railroad Company was consolidated with the Lake Shore and Michigan Southern Railway Company, under the name of the Lake Shore and Michigan Southern Railway Company, pursuant to the laws of the States of New York, Pennsylvania, Ohio, Michigan, Indiana and Illinois, thus forming a continuous line of railway, five hundred and forty miles in length, between the cities of Buffalo, in the State of New York, and Chicago, in the State of Illinois.

On the 13th day of March, 1874, this company entered into a contract with Wm. H. Bines, representing the Philadelphia and Reading Railroad Company, to complete the Quarryville section as a railroad of the gauge of four feet eight and a half inches, and on the same day executed a lease of the said Quarryville section to the Reading and Columbia Railroad Company, for a term of nine hundred and ninety-nine years, to take effect from and after the completion of the work of construction, under the contract aforesaid. The work of construction was completed under the contract aforesaid, on the 12th day of May, 1875, and the lease to the Reading and Columbia Railroad Company went into operation on that date.

The Reading and Columbia Railroad Company pays the interest on the bonds or obligations of the Quarryville sections amounting to \$350,000, secured by mortgage, and all taxes and assessments in addition to said interest, and is also to make provision for the payment, renewal, or extension of the debts represented by the outstanding obligations.

The Reading and Columbia Railroad Company has entire control of the transportation, operation and maintenance of the leased road, and retains seventy per cent. of the gross receipts accruing from all the trade, travel, mail-service, business and commerce of every kind for said purposes. The Reading and Columbia Railroad Company, after paying the interest and taxes on the obligations amounting to \$350,000, out of the remaining thirty per cent. of the said gross receipts, is to account to the Lancaster and Reading Narrow Gauge Railroad Company for the surplus. Monthly reports of the earnings and expenditures of the road are to be made to the Lancaster and Reading Narrow Gauge Railroad Company, and settlements are to be made every six months. No surplus has been accounted for under the said terms of the said lease.

QUESTIONS FOR GENERAL INFORMATION.

What provision, if any, has been made by this road for the payment of its funded debt? As yet, none.

NEW YORK, CHICAGO AND ST. LOUIS RAILROAD COMPANY.

Date of organization : September 27, 1877. •

By what authority incorporated : Under laws of New York, Pennsylvania, Ohio Indiana and Illinois.

If a consolidated company, name the constituent companies : This company's railroad was built for the New York, Chicago and St. Louis Railway Company, or consolidated company organized under the laws of the five states above named, and composed of constituent companies in the several states, to wit : The Buffalo, Cleveland and Chicago Railway Company of New York, whose articles of association were filed with the secretary of state about January 15, 1881. The Buffalo, Cleveland and Chicago Railway Company of Pennsylvania, whose articles of association were filed with the Secretary of the Commonwealth about January 15, 1881. The New York and Chicago Railway Company of Ohio, whose articles of incorporation were filed with Secretary of State about March 15, 1881. The New York and Chicago Railway Company of Indiana, whose articles of incorporation were filed with Secretary of State, March 4, 1881. The New York and Chicago Railway of Illinois, whose articles of organization were filed with the Secretary of State, March 23, 1881. All of the constituent companies were incorporated under the general railroad laws of their respective states, to wit : General railroad law of New York, entitled an act to authorize the formation of the railroad companies, and to regulate the same, passed April 2, 1850. In Pennsylvania, an act to authorize the formation and regulation of railroad corporations, approved April 4, 1868. In Ohio sections 3236 to 3245 of revised statutes. In Indiana, sections 3885 to 3888 of revised statutes. In Illinois, chapter 114 of revised statutes, sections 1 to 6. The constituent companies were consolidated by agreement, dated April 8, 1881, under the general laws of the five states named to which reference is made as follows : In New York, chapter 917 of the laws of 1868, entitled an act authorizing the consolidation of certain railroad companies. In Pennsylvania, an act, supplementary to an act, regulating railroad companies, approved the 17th day of February, A. D. 1849, approved 24th of March, 1865. In Ohio, sections 3380 to 3385 of revised statutes. In Indiana, section 3971, revised statutes. In Illinois, chapter 32 of revised statutes, sections 50 to 57. By reason of the foreclosure of mortgages upon its railway, it

was sold in May, 1887. Companies incorporated under the laws of the five states above named, respectively, bought from the purchasers the portions in their respective states. These companies, with the dates of their incorporation, were as follows: The New York, Chicago and St. Louis Railroad Company of New York, whose articles of association were filed with Secretary of State June 22, 1887. The Erie and State Line Railroad Company of Pennsylvania, whose articles of association were filed with the Secretary of the Commonwealth June 27, 1887. The Cleveland and State Line Railroad Company, whose articles of incorporation were filed with Secretary of State August 15, 1887. The Fort Wayne and Illinois Railroad Company, whose certificate of incorporation was filed with Secretary of State June 28, 1887. The Chicago and State Line Railroad Company, whose articles of incorporation were filed with the Secretary of State June 30, 1887. All were organized under the general railroad laws of the several states to which reference is given above.

Agreement for consolidation of the constituent companies in New York and Pennsylvania, dated July 7, 1887, and filed with Secretary of State August 15, 1887. Name of consolidated company: The New York, Chicago and St. Louis Railroad Company. Agreement for consolidation of above-named consolidated company with constituent companies in Ohio and Indiana, filed with Secretary of State, September 27, 1887. Lease of Chicago and State Line railroad from the Chicago and State Line Railroad Company to the Fort Wayne and Illinois Railroad Company, dated September 20, 1887. As this company is the owner of the capital stock of the Chicago and State Line Railroad Company which does not keep up an independent organization for the purpose of distributing income, the lease is treated as affecting a consolidation in fact. Consolidation was effected under the laws of the several states, except the lease of the Chicago and State Line railroad, which was made by authority of chapter 114, section 34, of revised statutes of Illinois, and section 3973 of revised statutes of Indiana.

QUESTIONS FOR GENERAL INFORMATION.

What provision, if any, has been made by this road for the payment of its funded debt? Under the sinking fund provisions of the mortgage, if in any year ending on September 30, the earnings are \$900,000, or more, over actual operating expenses and bonds can be bought at a rate not exceeding 102 per cent. and accrued interest, \$100,000 is to be paid to the trustee, and same to be applied by it in the purchase of bonds. The bonds thus purchased are to be cancelled by the trustee and surrendered to this company. Should the trustee be unable, in any year, when the earnings are \$900,000, or more, over actual operating expenses, to purchase bonds at or less than the rate named above for such year, the \$100,000 does not have to be paid.

Name all the associations to which this road is a party, whose object is the regulation or control of passenger or freight traffic: Central Traffic Association.

Name all the companies, commonly called fast freight lines, of which this road is a member, or which operate over the line of this road: Lackawanna Line, Nickel Plate Line, Traders' Despatch, Interstate Despatch, South West Despatch, White Line Central Transit Company.

NEW YORK, LACKAWANNA AND WESTERN RAILWAY COMPANY OF PENNSYLVANIA.

NEW YORK, PENNSYLVANIA AND OHIO RAILROAD COMPANY.

Date of organization : March 20, 1880.

By what authority incorporated : Under Ohio law, passed 11th March, 1880, volume 77, page 60, an act supplementary to the revised statutes of Ohio, title 2, chapters 1 and 2, to enable purchasers of railroads at judicial sales to become incorporated. Under the general laws of the Commonwealth of Pennsylvania and under laws of the State of New York of 1879, page 556, an act to facilitate the foreclosure of mortgages made by consolidated companies of railroads lying partly within and partly without the state, passed 16th June, 1879.

If a consolidated company, name the constituent companies : The constituent companies were the New York, Pennsylvania and Ohio Railroad Company of Ohio, and the New York, Pennsylvania and Ohio Railroad Company of Pennsylvania, and the said consolidated companies became entitled to operate a road in New York State by virtue of a law of the State of New York of June 16, 1879. The certificate of incorporation of the New York, Pennsylvania and Ohio Railroad Company of Ohio, filed in the office of Secretary of State of the State of Ohio, 16th March, 1880. The certificate of incorporation of the New York, Pennsylvania and Ohio Railroad Company of Pennsylvania, filed in the office of Secretary of the Commonwealth of Pennsylvania, 17th March, 1880. Under the law of the State of New York, quoted above, the Secretary of State of the State of New York issued his certificate that certain documents called for in said law were filed in his office on 15th April, 1880.

Operated by New York, Lake Erie and Western Railroad Company.

The New York, Lake Erie and Western Railroad Company has, under an indenture dated 30th April, 1883, leased for a term of ninety-nine years, commencing with the 1st May, 1883, the main line, branches and leased lines of this company, with its fixtures and equipment, and operated the said railroad since that time. The rental under this lease is based upon earnings, and up to 1st October, 1889, was 32 per cent. of the gross earnings up to six millions dollars, and an additional one-tenth of one per cent. on the total gross earnings on each additional one hundred thousand dollars, or fraction thereof, in excess of six million and up to seven million two hundred and fifty thousand dollars, and thereafter one-third of the gross earnings if they exceed the latter named sum. October 1, 1889, the lease was changed so that the rental is 32 per cent. of the gross earnings up to six million dollars, and a reduction in rental of one-tenth of one per cent. on the total gross earnings for each additional one hundred thousand dollars in excess of six millions until the gross earnings amount to eight million dollars, and when the earnings equal or exceed the sum of nine million dollars the rental will be 28 per cent. of the gross earnings.

This company will report the earnings from rental, etc., and its financial condition, and the lessee company will report the physical characteristics and the operation.

PENNSYLVANIA, LEHIGH AND EASTERN RAILROAD COMPANY.

Date of organization : June 18, 1889.

By what authority incorporated: The act forming the Lehigh and Eastern Railroad Company, approved March 10, 1869 (P. L. 1869, 1321), several acts extending its time to build, etc., supplemental to first mentioned act of assembly, as follows: Act March 17, 1871 (P. L. 1871, 414), May 27, 1871 (P. L. 1871, 1248), act of May 15, 1874 (P. L. 1874, 188), March 17, 1875 (P. L. 1875, 7), June 5, 1875 (P. L. 1875, 31), April 22, 1879 (P. L. 1879, 31), May 24, 1881 (P. L. 1881, 2), June 1, 1883 (P. L. 1883, 49), June 25, 1885 (P. L. 1885, 186). The patent forming the above company was issued and approved March 9, 1869. On March 3, 1887, at the court house in Wilkes-Barre, the sheriff of Luzerne county, under judgment entered against said company February 2, 1887, for \$15,000.00 and *fi. fa.* No. 45, February term, and *alias fi. fa.* sold, all corporate rights, properties, privileges and franchises of said company to S. W. Newberger, who proceeded to and did organize the Lehigh and Eastern Railroad Company, and said latter company became vested with all the rights, privileges, properties and franchises of the original company. Acts of April 9, 1869, May 25, 1878, May 31, 1887. By virtue of a decree of foreclosure, court of common pleas, Luzerne county, in equity, No. 7, October term, 1888, the sheriff of Luzerne county sold at public sale, on March 16, 1889, the rights, privileges, properties and franchises of the above-named companies to Silas W. Newberger for the sum of \$190,000.00. Under the acts of assembly April 9, 1861 (P. L. 1861, 29), May 25, 1878 (P. L. 1878, 148), and same (P. L. 1878, 145), May 31, 1887 (P. L. 1887, 276), Silas W. Newberger organized, on June 18, 1889, the Pennsylvania, Lehigh and Eastern Railroad Company, which company became possessed of all the rights, privileges, properties and franchises of the original company, in accordance with the foregoing acts of assembly.

IMPORTANT CHANGES DURING THE YEAR.

Organized June 18, 1889. The former company, its rights, privileges, franchises and properties being foreclosed and bought at public sale, the present company organized with all the privileges, rights, franchises and properties of the old company, Lehigh and Eastern Railway Company. Ten million of stock issued to Silas W. Newberger in payment of the properties, rights and franchises conveyed to the Pennsylvania, Lehigh and Eastern Railroad Company. On the first day of October, 1889, a mortgage for \$5,000,000.00 was executed and delivered to the New York Security and Trust Company, trustee, to secure the proposed issue of 5,000 bonds of the denomination of \$1,000.00 each. None of the said bonds have been sold by the company. In order to provide for the obligations of the company incurred in perfecting its title to its properties, four hundred of the above-named bonds were issued.

CHARACTERISTICS OF ROAD.

The road of this company is not constructed as yet. Ten miles have been graded and route of whole line surveyed, making total proposed length of line 106 miles main line. Rights of way have been secured and other details finished.

Lease from Philadelphia and Erie Railroad Company to Pennsylvania Railroad Company executed January 1, 1862, modified January 1, 1870, for the term of nine hundred and ninety-nine years, from January 1, 1862. The lessee, "to work, use, manage, maintain and efficiently operate and keep in public use, the railroad of the party of the first part and its appurtenances," with the exclusive right to manage and control said railroad, and "to regulate and determine rates of tolls, freights and charges for all the transportation over the whole or any part of said railroad," and to collect all of said tolls and charges. The lessee to repair and maintain in good order and condition for public use, the railroad, property and appurtenances, paying all operating and other expenses, including taxes and assessments levied or assessed by the laws of the United States, or the State of Pennsylvania. The surplus of gross receipts, after payment of expenses aforesaid, to be applied to defraying the cost of maintaining a proper and legal organization of the lessor company, and the payment of interest on the funded debt of said lessors. Whatever balance may remain after said payments, to be paid to the lessors for their own use. The lessee is not to pay or become liable to pay, in consequence of any deficiency of gross receipts, for all, or any or either, of the purposes to which it had been agreed that said surplus should be applied.

PHILADELPHIA, WILMINGTON AND BALTIMORE RAILROAD COMPANY.

Date of organization : April 2, 1831.

By what authority incorporated: The Philadelphia, Wilmington and Baltimore Railroad Company is a corporation organized under the laws of the States of Pennsylvania, Delaware and Maryland.

The present Philadelphia, Wilmington and Baltimore Railroad Company is a consolidated company, formed by the merger, under date of March 28, 1877, under authority of an act of Pennsylvania of May 16, 1861, and an act of Delaware of February 22, 1877, of the Philadelphia, Wilmington and Baltimore Railroad Company; New Castle and Frenchtown Turnpike and Railroad Company, chartered by act of the State of Delaware of February 7, 1829; New Castle and Wilmington Railroad Company, chartered by act of the State of Delaware of February 9, 1839, and the Southwark Railroad Company, chartered by act of the State of Pennsylvania of April 2, 1831.

The Philadelphia, Wilmington and Baltimore Railroad Company, which was a party to that consolidation, was organized February 5, 1838, by the consolidation, under authority of an act of Delaware of February 4, 1833, and act of Maryland of January 20, 1838, and an act of Pennsylvania of December 19, 1837, of the following companies: (1) The Philadelphia and Delaware County Railroad Company, chartered by act of the State of Pennsylvania of April 2, 1831, name changed to Philadelphia, Wilmington and Baltimore Railroad Company by act of March 14, 1836.

(2) The Wilmington and Susquehanna Railroad Company, chartered by act of the State of Delaware of January 18, 1832, into which the Delaware and Maryland Railroad Company, chartered by act of the State of Maryland of March 14, 1832, had been merged, by authority of act of Delaware of February 4, 1833, act of Delaware of July 24, 1835, and act of Maryland of March 14, 1836.

(3) The Baltimore and Port Deposit Railroad Company, chartered by act of Maryland of March 5, 1832.

The following is a reference to the acts of incorporation, and acts supplementary to, or amendatory thereof, of each of the companies now constituting the Philadelphia, Wilmington and Baltimore Railroad Company :

CONTRACTS, AGREEMENTS, ETC.

Express companies: The Adams Express Company pays this company 40 per cent. of its gross receipts from general traffic, and 70 per cent. of its gross receipts from oyster traffic.

Mails: The United States Government pays this company for transportation of mails, a fixed rate per mile of road, which rate is decided by the extent of the actual service performed, based upon the weight of mail matter carried for thirty consecutive days during each year. Additional compensation is allowed for special fast service, and also for postal car service.

Sleeping, parlor or dining car companies: The Pullman Palace Car Company, furnishes its cars for use over the lines of this company, maintaining the same and collecting from passengers from 25 cents to \$2.50 each for single seat or berth, according to distance, in addition to railroad fare collected by this company. In case the cars running between Pittsburgh and Indianapolis *via* Dayton, fail to earn for the Pullman's company, an average of \$7,500.00 per car per annum, this company pays the Pullman's Company three cents per car per mile, run by its cars, or so much thereof as may be necessary to increase the average gross earnings to \$7,500.00 per car per annum.

Freight and transportation lines: The Star Union Line, transacts business at current rates, the expenses of conducting the same being borne by the roads over which it operates in the proportion of the earnings therefrom of each, to the whole. Customary rates are also paid for the use of Union Line cars.

Other railroad companies: This company receives rental for portions of its railway, yards and terminals under contracts with sundry companies, and pays for terminals, etc., under contracts with other companies.

No contracts with steamboat or steamship companies.

Telegraph companies: The Western Union Telegraph Company, is granted the privilege of use of this company's lines, paying a fixed rental therefor.

Other contracts: The Union News Company, pays this company a fixed rental for use of privileges granted over its lies.

The Pittsburgh and Connellsville Railroad Company was leased by the Baltimore and Ohio Railroad Company for a period of fifty (50) years from January 1, 1876, which lease is renewable at the option of the Baltimore and Ohio Railroad Company. The lessees agree at all times during the term of the lease to work, use, manage, maintain, operate and keep in public use, the Pittsburgh and Connellsville railroad, with the appurtenances, and to apply the receipts as follows: To operating and keeping in repair said road, and its property, to payment of interest on consolidated mortgage bonds. If, however, during any year the receipts are not sufficient to meet the expenses, the deficiency is to be made up from receipts of subsequent years. If the receipts exceed the expenses, the remainder is to be paid to the Pittsburgh and Connellsville Railroad Company, the lessor.

CONTRACTS. AGREEMENTS, ETC.

Express: The Adams Express Company pays this company 40 per cent. of its gross receipts from general traffic, and 70 per cent. of gross receipts from oyster traffic.

Mails: The compensation for transportation of mails is a fixed annual rate per mile of road, which is decided by the extent of the service performed, based upon the actual weight of mails carried for thirty consecutive days during each year.

Sleeping, Parlor or Dining Car Companies: The Pullman's Palace Car Company furnishes its own cars for use over the lines of this company, maintaining the same, and collecting from passengers 25 cents to \$2.50 each for single berth or seat, according to distance, in addition to the regular railroad fare collected by this company.

In case the cars running between Pittsburgh and Toledo fail to earn for the Pullman's company an average of \$7,500.00 per car per annum, this company pays the Pullman's company 3 cents per car per mile run by its cars, or so much thereof as may be necessary to increase the average gross earnings to \$7,500.00 per car per annum.

Star Union Line: Transacts business at current rates, the expenses of conducting the same being borne by the roads over which the line operates, in the proportion of the earnings therefrom of each, to the whole. Customary rates are also paid for the use of their cars.

Telegraph Company: The Western Union Telegraph Company pays a fixed rental for telegraph privileges furnished. It receives a proportion of the telegraph receipts and pays a proportion of the expenses.

PITTSBURGH, SHENANGO AND LAKE ERIE RAILROAD COMPANY.

Date of organization: June 9, 1888.

By what authority incorporated: Under laws of the States of Pennsylvania and Ohio.

This company was formed June 9, 1888, by the merger or consolidation of the Pittsburgh, Shenango and Lake Erie Railroad Company, a consolidated Pennsylvania corporation, with the Northeastern Ohio Railroad Company, an Ohio corporation, under authority of the following acts of assembly of Pennsylvania, viz:

An act approved 24th March, 1865, P. L. page 49, and an act approved 26th April, 1876, P. L. 1870, page 1274, and under authority of the following sections of the revised statutes of the State of Ohio, viz: 3380 to 3392, both inclusive.

The Northeastern Ohio Railroad Company was organized under the general railroad law of Ohio on the 16th February, 1888.

The Pittsburgh, Shenango and Lake Erie Railroad Company, the constituent company above mentioned, was organized June 8, 1888, by the merger or consolidation of the Pittsburgh, Shenango and Lake Erie Railroad Company with the Erie, Shenango and Pittsburgh Railway Company under authority of the act of assembly of Pennsylvania, approved May 16, 1861, page 702.

The Pittsburgh, Shenango and Lake Erie Railroad Company, the constituent company in said last-mentioned consolidation, was a corporation formed on the 23d February, 1888, by a reorganization of the Shenango and Allegheny Railroad Company under act of assembly of Pennsylvania, approved May 25, 1878 and its supplements.

The Shenango and Allegheny Railroad Company above mentioned, was organized under act of assembly of Pennsylvania, approved 20th March, 1865, pages 429 and 430, and its supplements as follows: (1) approved 9th April, 1867, P. L. 1867, pages 984 and 985; (2) approved 14th April, 1870, P. L. 1871, page 1516; (3) approved 15th May, 1871, P. L. 1871, pages 871 and 872; (4) approved 7th March, 1872, P. L. 1873, page 1012.

The Erie, Shenango and Pittsburgh Railway Company, one of the constituent companies of said last-mentioned consolidation was formed by the reorganization of the Ohio River and Lake Erie Railroad Company under act of assembly of Pennsylvania, approved May 25, 1878.

The Ohio River and Lake Erie Railroad Company above named, was organized under the act of assembly of Pennsylvania, approved 4th April, 1868, P. L. 1868, page 62.

The Shenango and Allegheny Railroad Company above mentioned, was reorganized by reason of foreclosure of mortgage, a receiver having been in possession of the property from March 15, 1884, to February 10, 1888.

QUESTIONS FOR GENERAL INFORMATION.

What provision, if any, has been made by this road for the payment of its funded debt? The mortgage provides that there shall be appropriated annually, out of the net earnings of the preceding year when sufficient therefor, such sum as may be required to purchase bonds, amounting at par to \$30,000.00, whenever bonds can be obtained at not exceeding their par value. It has been impossible, so far, to secure any bonds under this provision.

What station-houses, stock-yards, or other terminal facilities, does this road use for which it pays a rental? None.

Name all the associations to which this road is a party, whose object is the regulation or control of passenger or freight traffic: None.

Name all the companies, commonly called fast freight lines, of which this road is a member, or which operate over the line of this road: None.

QUESTIONS FOR GENERAL INFORMATION.

What provision, if any, has been made by this road for the payment of its funded debt? \$1,800,000.00 of the consolidated mortgage bonds are reserved to retire the A. and P. Railway Company bonds, and the Lawrence Railroad Company bonds.

The consolidated mortgage has a sinking fund of one per cent. of the bonds of that issue outstanding, and said one per cent. is to be set apart each year, on or before November 1, provided bonds can be purchased at or less than par; if bonds cannot be purchased at that price then the sinking fund lapses and the one per cent. reverts to the treasury. No bonds have been offered at par, consequently no bonds have been redeemed.

What station-houses, stock-yards, or other terminal facilities does this road use for which it pays a rental? None.

Name all the associations to which this road is a party, whose object is the regulation or control of passenger or freight traffic: None.

CONTRACTS, AGREEMENTS, ETC.

Express: The Adams Express Company pays this company 40 per cent. of its gross receipts from general traffic and 70 per cent. of gross receipts from oyster traffic.

Mails: The compensation for transportation of mails is a fixed annual rate per mile of road, which is decided by the extent of the service performed, based upon the actual weight of mails carried for thirty consecutive days during each year.

Sleeping, Parlor or Dining Car Companies: The Pullman's Palace Car Company

* Used jointly under trackage rights.

furnishes its own cars for use over the lines of this company, maintaining the same, and collecting from passengers 25 cents to \$2.50 each for single berth or seat, according to distance, in addition to the regular railroad fare collected by this company.

Star Union Line : Transacts business at current rates, the expenses of conducting the same being borne by the roads over which the line operates, in the proportion of the earnings therefrom of each, to the whole. Customary rates are also paid for the use of their cars.

Telegraph Company : The Western Union Telegraph Company pays a fixed rental for telegraph privileges furnished. It receives a proportion of the telegraph receipts and pays a proportion of the expenses.

POMEROY AND NEWARK RAILROAD COMPANY.

Date of organization : December 3, 1881, and December 29, 1881.

By what authority incorporated : The Doe Run and White Clay Creek Railroad Company was organized under an act of the general assembly of the Commonwealth of Pennsylvania, entitled "An act to incorporate the Doe Run and White Clay Creek Railroad Company," approved March 24, 1868. The name of the said The Doe Run and White Clay Creek Railroad Company was changed under act of April 20, 1869, to that of the Pennsylvania and Delaware Railway Company.

The Delaware and Pennsylvania Railroad Company was organized under the laws of the State of Delaware, February 26, 1857.

If a consolidated company, name the constituent companies : The Pennsylvania and Delaware Railway Company was consolidated and merged into and with the Delaware and Pennsylvania Railroad Company, in pursuance of authority in the said companies vested by the laws of the States of Pennsylvania and Delaware, under a joint agreement dated March 17, 1873, and filed in the office of the Secretary of the Commonwealth of Pennsylvania, May 3, 1873, whereby the said two companies consolidated and merged their capital stock, franchises and property into one corporation or body politic, styled the Pennsylvania and Delaware Railway Company.

The Pennsylvania and Delaware railway was sold under foreclosure of mortgage August 12, 1879, and confirmed absolutely by the circuit court of the United States, for the eastern district of Pennsylvania, October 25, 1879. On February 5, 1880, in pursuance of the act of assembly, approved April 8, 1861, and its supplements, there was organized a new corporation, a body politic and corporate of the State of Pennsylvania, vested with all the rights, etc., etc., of, in and to the whole of said railroad lying and being within the said State of Pennsylvania, extending from Pomeroy, in the county of Chester, in said state, to the boundary line between said state and the State of Delaware at the point of intersection therewith by the line of railroad heretofore known as the Pennsylvania and Delaware railway.

The new corporation so organized was styled the Pomeroy and State Line Railroad Company, and a copy of the reorganization filed in the office of the Secretary of the Commonwealth of Pennsylvania, February 26, 1880. At the same time a new corporation was organized entitled the Newark and Delaware City Railroad Company, for that portion lying and being in the State of Delaware.

The Pomeroy and State Line Railroad Company, and the portion of the Newark and Delaware City Railroad Company north of the Philadelphia, Wilmington and Baltimore Railroad were merged and consolidated with the title of the Pomeroy and Newark Railroad Company, under articles of consolidation and merger, dated December 2, 1881. Copies of articles of consolidation and merger filed with the Secretary of the Commonwealth of Pennsylvania, December 29, 1881, and with the Secretary of State of the State of Delaware, December 3, 1881.

Operated by the Pennsylvania Railroad Company.

QUESTIONS FOR GENERAL INFORMATION.

What provision, if any, has been made by this road for the payment of its funded debt? The mortgage provides that whenever the bonds can be purchased at par or less there shall be appropriated out of the net earnings for each six months ending June 30 and December 31, if sufficient therefor, such sum as may be required to purchase at least five bonds. Also, that the interest on the bonds so obtained shall be semi-annually added to the appropriation for purchase of bonds. This provision is inoperative on account of the premium on bonds.

QUESTIONS FOR GENERAL INFORMATION.

What provision, if any, has been made by this road for the payment of its funded debt : The mortgage provides that a sum equal to one-half of one per cent. upon all the bonds issued shall be appropriated to the purchase of bonds semi-annually, February 1, and August 1, when the earnings are sufficient and when the bonds can be purchased at par or less.

The premium on the bonds renders this provision for a sinking fund inoperative.

What station-houses, stock-yards, or other terminal facilities, does this road use for which it pays a rental ? None.

Name all the associations to which this road is a party, whose object is the regulation or control of passenger or freight traffic : None.

IMPORTANT CHANGES DURING THE YEAR.

Extensions of road put in operation : Three miles of second track between South Buffalo and Ebenezer stations has been nearly completed during the year, at a cost of \$10,897.28.

Leases taken or surrendered : The Rochester, New York and Pennsylvania railroad track from Nunda to Swains, heretofore leased to and operated by the Lackawanna and Pittsburgh railroad, was surrendered to this company September 1, 1889, and is now included in trackage operated by this road. Use of Lake Shore and Michigan Southern railroad tracks between Stoneboro' and Oil City per contract dated November 1, 1882, surrendered November 1, 1889. Use of New York, Pennsylvania and Ohio railroad tracks, etc., at Oil City, per contract dated February 1, 1883, surrendered November 1, 1889.

Consolidations or reorganizations effected : Of the \$25,868.00 unissued non-convertible scrip referred to in the last annual report, \$13,155.00 has been issued during this year, and charged to cost of road account, and \$2,010.00 has been purchased and added to stocks and bonds owned by company, leaving \$10,703.00 to be issued hereafter.

New mortgages or stock issued : First mortgage bonds amounting to \$250,000.00 have been sold during the year. Second mortgage bonds amounting to \$7,000 00 have been purchased and canceled. Five new equipment trusts or contracts have been issued during the year for twenty locomotives and six caboose cars. aggregating, with interest on deferred payments, \$218,246.61, on which payments have been made of \$33,094.57, leaving \$185,152.07 outstanding. Principal and deferred interest, amounting to \$255,939.72, accrued on equipment trusts issued previous to this year, has been paid, leaving \$303,614.63 principal and accrued interest on such equipment trusts outstanding. During the past year the net earnings from operating the road, after deducting payments for additions to the equipment and the property, have not been sufficient to pay the interest on the second mortgage bonds in cash, therefore convertible income scrip has been issued amounting to \$975,179.14 and charged to income account, together with \$1,544,172.18 issued during the previous two years. These scrip certificates are convertible at the option of holders into debenture bonds, in accordance with the terms of the second mortgage and at the request of the holders of the certificates. Debenture bonds have been issued for Western New York and Pennsylvania railroad second mortgage income scrip exchanged \$388,000.00, aggregating, with those issued during the previous year, \$715,000.00. Convertible

income scrip, issued in payment for interest on second mortgage bonds during the period ending June 30, 1889, has been charged against income account for this year in addition to that accruing during the year ending June 30, 1890.

HISTORY OF ORGANIZATION AND CONSTRUCTION.

The City Passenger Railway Company was organized February 18, 1882, with a capital stock of \$40,000.00, in Altoona, Pa., in accordance with an act of assembly entitled "An act to provide for the incorporation and government of street railway companies, etc., approved the 23d day of May, A. D. 1878, and chartered by the Hon. Henry M. Hoyt, Governor, March 10, 1882.

Mr. John P. Levan was elected president; John P. Levan, D. K. Rawey, Wm. Murray, F. W. Almes, C. Jaggard, H. S. Frank, S. S. Blair, Max Liveright and C. F. Berwind, directors; L. B. Reifsneider, secretary; Theo. H. Wigton, treasurer; A. J. Riley, solicitor, and John J. Buch, superintendent.

The route adopted by the stockholders over which to lay the tracks of the company is as follows: Beginning 175 feet east of First street on Chestnut avenue, west along and over Chestnut avenue to Eleventh street, south over Eleventh street to Eleventh avenue, west on Eleventh avenue to Bridge street, south over Bridge street to Seventeenth street, south over Seventeenth street to Eighth avenue, east over Eighth avenue to Fourth street, north over Fourth street 110 feet.

The contract for the construction of the road was let to Campbell Bros., of Altoona, Pa., and the road was operated for the first time July 4, 1882. The buildings were all constructed under the supervision of the directors. The length of road at time first operated was about two and three-fifths miles.

March 13, 1883, the capital stock was increased \$13,000.00. January 14, 1884, the capital stock was increased \$15,000.00 for the purpose of extending the road from junction of Seventeenth street and Eighth avenue, south on Eighth avenue to Seventh street, west on Seventeenth street to Twenty-fifth street. The contract for the construction of this extension was let to John T. Gordon, of Pittsburgh, Pa., and operated for the first time July 4, 1884.

On the 15th day of June, 1889, this company was rechartered, owing to previous act having been declared unconstitutional.

August 26, 1889, the capital stock was increased \$35,000.00 for the purpose of making extensions. Those extensions are now under way. Capital stock is now \$103,000.00.

CHARACTERISTICS OF ROAD.

Route of road, streets occupied and connections: Beginning 175 feet east of First street, west on Chestnut avenue to Eleventh street, south on Eleventh street to Eleventh avenue, west on Eleventh avenue to Bridge street, south on Bridge street to Seventeenth street, south on Seventeenth street to Eighth avenue, east on Eighth avenue to Fourth street, north west on Fourth street 110 feet. The branch commences at the intersection of Eighth avenue and Seventeenth street, south on Seventeenth street to Seventh avenue, west on Seventh avenue to Twenty-fifth street, the terminus

Now under construction : One extension commencing at the intersection of Fourth street and Eighth avenue, southeast on Fourth street to Sixth avenue, east on Sixth avenue to township road.

One extension commencing at First street and Chestnut avenue, northeast along and over township road 5,800 feet.

Under contemplation : An extension commencing at intersection of Union avenue with Eleventh avenue and Briggs street, southwest on Union avenue to Broad street, west on Broad street to road in township leading across the Hollidaysburg and Mervine Coal railroad.

HISTORY OF ORGANIZATION AND CONSTRUCTION.

This company was incorporated July 28, 1886, and was constructed with a view to operating by electricity as soon as it could be demonstrated that that power was practicable for a motive power for street railways. The road was operated by horse power until July 17, 1888, when the first car was run over the road by the electric power. The company equipped the road with the Sprague over-head system, and used that system until April, 1890, when a contract was entered into with the Thomson-Houston Company to equip eight of the motor cars with their motors, at the same time the company began the erection of an entirely new over-head system, using the hangers, switches, etc., of the Thomson-Houston Company, and replacing the old No: 6 wire with a hand drawn copper No. 0 wire, thus making a thoroughly complete and efficient equipment.

CHARACTERISTICS OF ROAD.

IMPORTANT CHANGES DURING THE YEAR.

On July 12, 1889, the Federal Street and Pleasant Valley, People's Park and Observatory Hill Passenger Railway Companies were consolidated by a unanimous vote of the stockholders in each corporation. During the year almost the entire track has been relaid with heavier steel rails; the Sprague electric motor system adopted and used since about January 1, 1890. The California avenue division, or extension from Montgomery avenue to the present terminus on California avenue, a distance of about one-and-a-half miles, was completed and put in operation about March 1, 1890.

HISTORY OF ORGANIZATION AND CONSTRUCTION.

A short time after 21st September, 1890, the date of granting charter of the Greensburg and Suburban Street railway, the Greensburg and Hempfield Electric Street railway was chartered, covering practically the same route with the same terminal points. The building of both lines being impracticable and unnecessary, the most feasible line, adopting parts of each line, was adopted by the Greensburg and Hempfield Electric Street Railway Company, and a line constructed, which is now about complete.

Under an amicable agreement the charter and all papers relating to the Greensburg and Suburban Street Railway Company, were turned over to the Greensburg and Hempfield Electric Street Railway Company and the company merged.

The Greensburg and Suburban Street Railway Company has not now any existence, and there is no other report to make.

HISTORY OF ORGANIZATION AND CONSTRUCTION.

Incorporated by act of assembly of Pennsylvania in 1861. See pamphlet laws (appendix of 1865, pp. 871 and 872), act approved May 1, 1861. Road built in 1865.

By act of assembly approved April 1, 1873, authority was given to sell the road and to make a deed to the purchaser or purchasers thereof, and granting to them, their heirs and assigns, all the privileges, rights and immunities authorized by the original act of incorporation, and said purchasers incorporated under the name of the Harrisburg City Passenger Railway Company.

NOTE.—In the act of 1873, as published in the pamphlet laws of that year, the purchasers are said to be styled the "Harrisburg City Passenger Railroad Company," which is a misprint. By reference to the manuscript law in the State Department it will be found that the corporate title is "The Harrisburg City Passenger Railway Company."

After the reorganization of the company the tracks were extended from time to time until they cover the streets and route described.

The cars are run only on secular days, and have never been run upon the Lord's day.

CHARACTERISTICS OF ROAD.

Route of road, streets occupied and connections: Delaware avenue, down Third to Walnut, out Walnut to Second street, down Second street to Vine, out Vine to Race street, down Race to Hanna street. From Maclay street down Sixth and Fourth streets to Chestnut and Second streets. And from intersections of Reily and Sixth streets down Reily to Second street; thence down Second street to Market square; thence out Market street to the depots of Pennsylvania Railroad Company and Philadelphia and Reading Railroad Company.

What kind of power is used for propelling the cars on your road? At present not any. Electricity is to be the power when road is next started.

HISTORY OF ORGANIZATION AND CONSTRUCTION.

Charter of road granted May 8, 1882. Road built during 1882; operated until May 31, 1889 (date of great flood), since which there have been no cars run. We are now putting in an electric road, but will probably not run cars before December or January next.

CHARACTERISTICS OF ROAD.

Route of road, streets occupied and connections: All the track existing previous to the flood will be torn up and relaid, as fast as there is a demand for it, with heavy girder rail for electric cars. None of old track will be used again. The new track is now being laid and we hope to have four and three-quarter miles of double track ready to operate by December or January next.

HISTORY OF ORGANIZATION AND CONSTRUCTION.

The charter was approved April 9, 1873. The capital stock authorized, \$100,000.00,
in shares of \$25.00 each. The construction of the road began August 18, 1874, and
completed November 19, 1874, at a cost of \$8,100.00 per mile. The total length, 5
miles and 2,200 feet. The road was formally opened by the directors and invited
guests November 21, 1874. Its route being through a suburban portion of the city,
and connecting with Reading railroad trains to and from the city only, the sparse
population has thus far little more than sustained the expenses of the company and
provided the necessary renewal of road bed and track incidental to the yearly wear
and tear.

HISTORY OF ORGANIZATION AND CONSTRUCTION.

Charter obtained June 25, 1889.

Applied for a city ordinance in September, 1889. A motion to refer the application to the street committee (which is the proper step) was lost in common council. The petition for an ordinance is still on file of common council. The select council having directed its reference to the "street committee," the common council refused to do so by vote of nine to three.

The private opinion of the president is that jobbery prevented the passage of a city ordinance.

What kind of power is used for propelling the cars on your road? Railway in process of reconstruction; to be operated by electric power.

HISTORY OF ORGANIZATION AND CONSTRUCTION.

Company originally incorporated May 27, 1883, and road constructed. The company became involved in litigation and its railway was not kept in operation. The city, in repaving Penn avenue, caused a portion of the tracks of the company to be torn up, but left a considerable portion of its tracks undisturbed. The company presented its petition to the Secretary of the Commonwealth, surrendered its original letters patent, and asked for new letters patent, under the provisions of act of assembly of May 14, 1889, and new letters patent were granted to it under said act, on the 28th of March, 1890. The company proceeded with the reconstruction of its

road, with a more substantial foundation and a heavier rail than that originally laid, along Penn avenue, between the intersection thereof with Fifth avenue and the city line. Five thousand three hundred and seventy-five feet of new track has been laid. Three thousand five hundred feet, or thereabouts, of the track originally laid remains in place and undisturbed. A dispute exists between said company and the East End Street Railway Company, with reference to right of way along Penn avenue, and said companies have entered into a contract with a view of having dispute amicably settled.

CHARACTERISTICS OF ROAD.

Route of road, streets occupied and connections: The route of the railway is as follows, to wit: From a point at the intersection of Main street and Water street in the borough of Wilkinsburg; thence along Main street to the line of the city of Pittsburgh, and thence continuing along Penn avenue in said city to a point at or near the intersection thereof with Ellsworth avenue in said city. Said railway will connect with the Wilkinsburg Street railway at the intersection of Penn avenue and Fifth avenue.

GENERAL BALANCE SHEET.

Have not prepared a balance sheet, as railway is being reconstructed in part under contract, which contract is only in part performed, and because it is yet undetermined what liability, if any, the company will have under its contract for reconstruction of the railway.

HISTORY OF ORGANIZATION AND CONSTRUCTION.

The organization of the company was effected on the 24th of September, 1880. Telephone lines had been previously established by private parties in Williamsport, Phillipsburg, Bellefonte, Altoona, Milton and Shamokin. The chartered limits of the company include the counties of Centre, Clinton, Clearfield, Cameron, Columbia, Blair, Huntingdon, Juniata, Montour, Mifflin, Snyder, Sullivan, Northumberland, Union and Lycoming and such other territory as might be thereafter acquired. In January, 1884, the company acquired the property and rights of the North Pennsylvania Telephone Company, comprising the counties of Luzerne, Lackawanna and Wyoming. In January, 1888, the county of Elk was acquired from the Central District and Printing Telegraph Company of Pittsburgh. The company now has telephone exchanges established and in operation in all the principal cities and towns in the territory covered by its charter, and the district has been fully occupied and ample telephone communication furnished to the public. The entire district, with the exception of Elk county, has its various centers or telephone exchanges connected with each other by wire, as well as lines connecting the territory of the Pennsylvania Telephone Company via Mt. Carmel and via Hazleton.

In May, 1890, the company began the erection of long distance metallic circuit lines eastward from Williamsport to connect with the circuits of the American Telephone and Telegraph Company at Hazleton, Wilkes-Barre and Scranton, with intermediate stations en route connected.

HISTORY OF ORGANIZATION AND CONSTRUCTION.

On June 10, 1882, the Southern Pennsylvania Telephone Company, was incorporated for general telephone purposes in the counties of Lancaster, York, Adams, Dauphin, Cumberland, Franklin, Fulton and Perry, under act of April 29, 1874, and supplements.

On December 6, 1882, the court of common pleas of Dauphin county, on application of the above named company, by formal decree for that purpose, changed its name to that of the Pennsylvania Telephone Company.

On November 23, 1885, the Pennsylvania and New Jersey Telephone Company was incorporated authorizing a general telephone business in the counties of Lebanon, Berks, Schuylkill, Lehigh, Carbon, Monroe and Northampton, in the State of Pennsylvania, and in the State of New Jersey.

On January 23, 1886, said Pennsylvania and New Jersey Telephone Company, by deed made under statutory authority, granted and conveyed all its property, corporate rights, powers and privileges, held under its said charter, to the Pennsylvania Telephone Company, as per deed duly recorded in said county of Dauphin, in deed book T, vol. 6, page 329, etc.

The general offices of the company are located at 107 South Third street, Philadelphia.

Address correspondence relating to this report to Wm. P. Wheatland, secretary, 107 South Third street, Philadelphia.

HISTORY OF ORGANIZATION AND CONSTRUCTION.

The company was incorporated by act of the legislature of Pennsylvania, approved May 10, A. D. 1871, under the title of "The Printing Machine Telegraph Company."

The first section of said act of incorporation set forth, and recites (among other things) as follows : That the corporation upon the filing of a certificate in the office of the Secretary of the Commonwealth, may change names of said corporation.

At a meeting of the board of directors of the Printing Machine Telegraph Company held in the city of Philadelphia on April 26, 1872, a resolution was offered and unanimously adopted by the board changing the name of said corporation to that of the Philadelphia Local Telegraph Company, and authorizing a certificate to the effect to be deposited and filed in the office of the Secretary of the Commonwealth, which was done on April 30, 1872.

Branch offices are established throughout the city of Philadelphia, and were connected with the main office by the construction of telegraph lines at this time, which wires, with trifling extension, have been maintained up to the present time.

The company furnishes quotations service to brokers and others, furnishes time service, and maintains private lines.
